

2020 **455HP SUPERCHARGED**

X**TREME**TM

THE NEXT GENERATION!

Shown with available gloss black finish with machined face wheels

XTREME™

...the first modern

MOST TRUCKS ARE MADE TO HAUL STUFF. THINK OF XTREME™ AS A SPORTS CAR THAT HAULS ASS. NOW IN THE SPIRIT OF THE LEGENDARY 1ST GEN. CHEVY XTREME, SPECIALTY VEHICLE ENGINEERING INTRODUCES THE 2020 LIMITED EDITION NEXT GENERATION XTREME™. AVAILABLE FOR THE 2020 COLORADO IN 2WD AND 4WD, WITH CREW CAB OR EXTENDED CAB/ SHORT BED AND 3.6L V-6 ENGINE ONLY, **IN ANY FACTORY COLOR**, THESE SUPERCHARGED SPORT TRUCKS WILL GO FAST, LITERALLY! ONLY **100** 2020 CHEVY COLORADO- BASED **455HP** XTREME™ PICKUP TRUCKS WILL BE BUILT.

mid-size sport truck!

455HP

The **455HP/425** ft.-lb. of torque 3.6L V-6 engine utilizes our own OE-quality centrifugal supercharger system, with a very unique head unit that features a viscous planetary drive assembly (instead of a traditional gear drive assembly) providing extremely quiet operation with no supercharger whine, that can spin up to 90,000 RPM. This eliminates power lag (ie. turbo lag), providing very smooth drivability and a linear power band that increases power all the way up to the engine's red line (6400 RPM). It also utilizes our air-to-water intercooler system to minimize heat soak, helping to maintain optimal power at all times, and finished off with a composite XTREME engine cover.

A sport truck with Xtreme™ attitude!

NEED TO HAUL WITH A SENSE OF URGENCY? THIS EXTENDED CAB, SHORT BED PICKUP ON STEROIDS IS MORE THAN UP TO THE TASK.

THE SPORT TRUCK IS NOT A NEW IDEA HOWEVER THIS XTREME™ VERSION COULD EASILY QUALIFY AS THE QUICKEST LIMITED* PRODUCTION MID-SIZE PICKUP TRUCK IN THE WORLD.

* ONLY 100 2020 CHEVY COLORADO-BASED 455HP XTREME™ PICKUP TRUCKS WILL BE BUILT.

Standard performance front brake pad and rotor kit for added stopping power that is necessary when adding a supercharger. Features drilled and slotted rotors and carbon-fiber ceramic formula brake pads.

To provide an aggressive low-rider look, the 2020 XTREME™ features our standard sport suspension system that lowers the truck 2" in front and 5" in the rear, and includes higher-rated front and rear performance shocks.

Optional High performance brake upgrade including 6-piston forged front calipers (red with black XTREME lettering and two-piece 13.6" slotted front rotors, rear factory calipers painted red.

Optional heavy-duty rear sway bar assembly and heavy-duty traction bars and bushings help control acceleration.

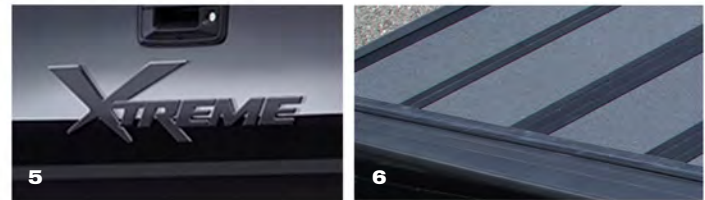

XTREME™

from the #1 GM Specialty Vehicle Manufacturer!

For more than 25 years, Specialty Vehicle Engineering (formerly SLP) has been a Second Stage Vehicle Manufacturer and Tier One Supplier to GM and its dealers, having built over 55,000 cars, trucks, and SUV specialty vehicles; making us the #1 GM Specialty Vehicle Manufacturer in the USA!
