2023 750HP SUPERCHARGED YENKO/SC[®] CAMARO

THE **ULTIMATE** CAMARO EXPERIENCE

2023 750HP YENKO/SC® CAMARO FROM SPECIALTY VEHICLE ENGINEERING.
AVAILABLE ON **2023** LT1, 1SS AND 2SS CAMAROS IN COUPE AND
CONVERTIBLE WITH AUTOMATIC OR MANUAL TRANSMISSION AND
EMISSION LEGAL IN ALL 50 STATES (E.O. PENDING).

To maximize engine performance, there is no substitute for supercharging.
That's why Specialty Vehicle Engineering developed its own 3.0L custom
supercharger and a 50 State emission-legal calibration for the production
blueprinted 6.2 Liter LT-1 engine that's included in all of our **2023 YENKO®**
Camaro cars. These Limited Edition **(50) YENKO/SC®** specialty vehicles are only
available exclusively from GM dealers throughout the USA and Canada!

WARNING: This vehicle produces excessive amounts of
horsepower. Horsepower is addictive and can cause
heart palpitations, feelings of exhilaration and euphoria.

The **2023 YENKO/SC®** Camaro's unique appearance will get everyone's attention instantly. The exciting
YENKO® side stripes make a dramatic statement, along with the body color painted carbon fiber hood
with exposed carbon fiber hood scoop that blends perfectly with the lines of the Camaro. The custom
750HP badges on the raised hood scoop cowl and decklid spoiler will make the competition think twice.

HIGH-OUTPUT SUPERCHARGER WITH 750HP
SUPERCHARGED BADGES. SHOWN WITH OPTIONAL BODY
COLOR PAINT TREATMENT (STANDARD COLOR IS BLACK).

The production 6.2L engine is completely
blueprinted during the assembly process to
ensure that it meets all factory production
specifications and features a 3.0L twin-screw
supercharger that reaches over 100%
volumetric efficiency as well as a massive
oversized air-to-water intercooler for
unmatched cooling capacity. A dual pass heat
exchanger is utilized up front for incredible
recovery time and consistent cool temps. Its unique
intercooled bypass system offers better acceleration and
less than 1hp of power consumption during cruising for
excellent fuel economy. This new system also features an aluminum
high-flow intake manifold, high-flow supercharger cooling system, billet
idler plate, and adjustable idler system. The supercharger housing is
available in standard textured black finish or custom color options,
allowing you to customize the engine compartment for a show-quality
finish.

NOTE: AVAILABLE WITH 91 OR 93 OCTANE CALIBRATION
