

2023
700HP & 800HP SUPERCHARGED
YENKO/SC SILVERADO OFF ROAD

THE ULTIMATE OFF-ROAD ADVENTURE

WARNING: This vehicle produces excessive amounts of horsepower. Horsepower is addictive and can cause heart palpitations, feelings of exhilaration and euphoria.

IN THE SPIRIT OF THE LEGENDARY YENKO CAMAROS,
SPECIALTY VEHICLE ENGINEERING INTRODUCES THE **2023 700HP**
AND **800HP** YENKO/SC® SUPERCHARGED SILVERADO OFF ROAD
PICKUP TRUCK. AVAILABLE ONLY ON **2023 4WD CREW**
CAB AND DOUBLE CAB LTZ, RST, ZR2, AND LT TRAIL
BOSS **Z71** MODELS WITH 10-SPEED TRANSMISSION, SHORT
BED OR STANDARD BED, AND ONLY AVAILABLE FROM
YOUR GM DEALER. WITH OUR HIGH-OUTPUT
SUPERCHARGED POWERPLANT*, THEY'LL GO
FAST...LITERALLY!

NOW AVAILABLE WITH 91 OR 93 OCTANE CALIBRATION!

included (requires factory dual exhaust system). **NECK-SNAPPING PERFORMANCE NOT FOR THE FAINT-AT-HEART!**

WITH ADDITION OF OUR NEW, PATENT PENDING BOOST-BY-WIRE™ CONTROL SYSTEM, YOU NOW HAVE THE BENEFIT OF FULL VARIABLE BOOST CONTROL!

As a consequence of using positive displacement superchargers as a power adder, you can have drivability issues under normal driving conditions. Since the power comes on like an "on/off" switch, it makes it difficult to control power demand in situations where you do not want maximum acceleration and can be unpleasant to drive. We solved this problem with our Boost-By-Wire™ Control System, eliminating the problem completely. The system

we've developed works very simply; the more you press the accelerator pedal, the more boost your supercharger will produce. You still get all the neck-snapping instant power from the positive displacement supercharger, but it is now controlled with your foot as you need it and makes the vehicle much more pleasant to drive.

Optional body color painted door handles, black-out window trim, and flat black painted mirror caps on models with factory chrome

Unique hood insert comes standard in gloss-finish body color with flat black louvers and 700HP or 800HP badges (option delete available)
