system (requires Factory dual exhaust)

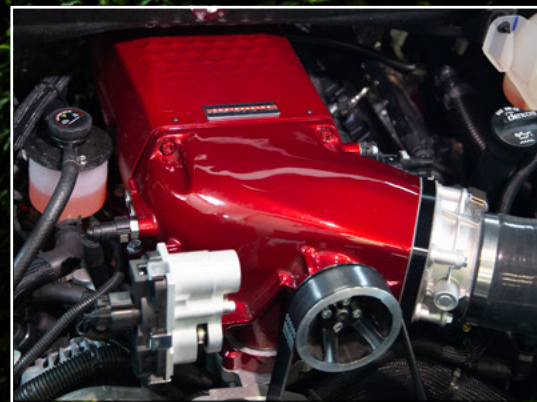

OPTIONAL GMC liftgate emblem  
in black (GM Dealer supplied)

700HP or 800HP tailgate badge in chrome  
and red chrome and Specialty Vehicle  
Engineering Limited Edition badge

The powerhouse engine and supercharger assembly on our **2024 SPORT EDITION Supercharged** Yukon delivers **700HP (5.3L)** and **800HP (6.2L)** and represents the latest in state-of-the-art performance engine technology. It features a blueprinted aluminum block, race-quality computer-balanced rotating assembly, including forged 1538MV twisted steel crankshaft and forged aluminum pistons, upgraded cylinder heads, and our own high-output supercharger assembly.

A custom stainless steel exhaust system is also included (requires factory dual exhaust system). **NECK-SNAPPING PERFORMANCE NOT FOR THE FAINT-AT-HEART!**

**NOW AVAILABLE WITH 91 OR 93 OCTANE CALIBRATION!**

SUPERCHARGER COMES STANDARD IN BLACK. CUSTOM COLORS OPTIONAL. SHOWN IN BODY COLOR PAINT.

**WITH ADDITION OF OUR NEW, PATENT PENDING BOOST-BY-WIRE™ CONTROL SYSTEM, YOU NOW HAVE THE BENEFIT OF FULL VARIABLE BOOST CONTROL!**

As a consequence of using positive displacement superchargers as a power adder, you can have drivability issues under normal driving conditions. Since the power comes on like an "on/off" switch, it makes it difficult to control power demand in situations where you do not want maximum acceleration and can be unpleasant to drive. We solved this problem with our Boost-By-Wire™ Control System, eliminating the problem completely. The system we've developed works very simply; the more you press the accelerator pedal, the more boost your supercharger will produce. You still get all the neck-snapping instant power from the positive displacement supercharger, but it is now controlled with your foot as you need it and makes the vehicle much more pleasant to drive.

OPTIONAL retractable side steps instantly extend when you open the door, and retract out of sight when the door closes

**SPORT EDITION**  
**SUPERCHARGED**

# **THE ULTIMATE HOT ROD SUV!**

**OUR NEW FOR 2024 SUPERCHARGED YUKON SPORT EDITION  
COULD EASILY QUALIFY AS THE QUICKEST 2024 LIMITED  
PRODUCTION FULL-SIZE SUV IN THE WORLD.**

**NOTE: Only 50 each 2024 700HP and 800HP Supercharged  
Sport Edition Yukon and Yukon XL SUVs will be built.**
