

2024/25  
**700HP / 800HP / 1000HP**  
**SUPERCHARGED**  
**YENKO/SC<sup>®</sup>**  
**SILVERADO**

**WARNING:** This vehicle produces excessive amounts of horsepower. Horsepower is addictive and can cause heart palpitations, feelings of exhilaration and euphoria.

# THE ULTIMATE **HOT ROD**

SPECIALTY VEHICLE ENGINEERING INTRODUCES THE NEW FOR 2024/25 **700HP** (5.3L), **800HP** (6.2L), AND **1000HP** (6.8L) YENKO/SC® SILVERADO. AVAILABLE ON 2024/25 2WD OR 4WD CREW CAB AND DOUBLE CAB LT, LTZ, RST, AND HIGH COUNTRY MODELS WITH SHORT BED OR STANDARD BED. **AVAILABLE ONLY FROM CHEVY DEALERS NATIONWIDE.**

ICONIC YENKO® CREST EMBLEMS ARE PROUDLY DISPLAYED TO LET EVERYONE KNOW THIS IS NO ORDINARY SILVERADO.

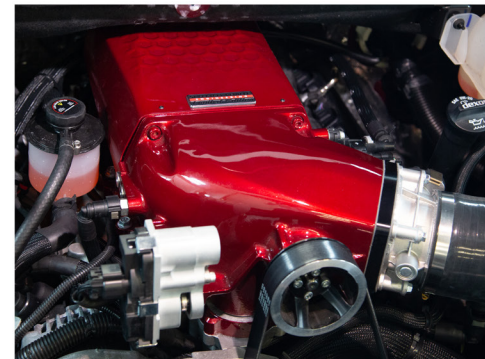

*2024 Silverado LT shown with optional sport suspension lowering kit*

# TRUCK!

This powerhouse engine and supercharger assembly on our 2024/25 **Supercharged YENKO/SC®** Silverado delivers **700HP (5.3L)**, **800HP (6.2L)**, and **1000HP (6.8L)** and represents the latest in state-of-the-art performance engine technology. It features a blueprinted aluminum block, race-quality computer-balanced rotating assembly, including forged 1538MV twisted steel crankshaft for 5.3L and 6.2L or a 4340 steel crankshaft for 6.8L, forged aluminum pistons, upgraded cylinder heads, and our own high-output supercharger assembly. A custom stainless steel exhaust system is also included (requires factory dual exhaust system).

**Neck-snapping performance not for the faint-at-heart!  
NOW AVAILABLE WITH 91 OR 93 OCTANE CALIBRATION!**

## **INCLUDES OUR PATENT PENDING BOOST-BY-WIRE™ CONTROL SYSTEM AND DEDICATED DRIVE SYSTEM**

As a consequence of using positive displacement superchargers as a power adder, you can have drivability issues under normal driving conditions. Since the power comes on like an "on/off" switch, it makes it difficult to control power demand in situations where you do not want maximum acceleration and can be unpleasant to drive.

We solved this problem with our **Boost-By-Wire™ Control System**, eliminating the problem completely. The system we've developed works very simply; the more you press the accelerator pedal, the more boost your supercharger will produce. You still get all the neck-snapping instant power from the positive displacement supercharger, but it is now controlled with your foot as you need it and makes the vehicle much more pleasant to drive.

Our patent pending **Dedicated Drive System** provides a separate serpentine belt that only drives the supercharger and provides 33 percent more surface area to eliminate belt slip common on other kits.

# DESTINED TO BECOME A

NEED TO HAUL WITH A SENSE OF URGENCY?  
THIS PICKUP TRUCK ON STEROIDS IS MORE  
THAN UP TO THE TASK.

THE SPORT TRUCK IS NOT A NEW CONCEPT, HOWEVER THIS
