

**2024/25**

**SXR** SERIES  
SUPERCHARGED

**800HP & 1000HP**  
**ESCALADE & ESCALADE ESV**

**WARNING: This vehicle produces excessive amounts of horsepower. Horsepower is addictive and can cause heart palpitations, feelings of exhilaration and euphoria.**

# **THE MOST POWERFUL LIMITED EDITION ESCALADE AVAILABLE!**

SPECIALTY VEHICLE ENGINEERING INTRODUCES THE 2025 **800HP** (6.2L) AND **1000HP** (6.8L) **SXR SERIES SUPERCHARGED** ESCALADE AND ESCALADE ESV AVAILABLE FOR 2024/25 2WD OR 4WD MODELS AND ONLY AVAILABLE FROM YOUR CADILLAC DEALER.

This powerhouse engine and supercharger assembly on our 2024/25 **SXR** Series Escalade delivers **800HP** (6.2L) or **1000HP** (6.8L) and represents the latest in state-of-the-art performance engine technology. It features a blueprinted aluminum block, race-quality computer-balanced rotating assembly, including forged 1538MV twisted steel crankshaft for 5.3L and 6.2L or a 4340 steel crankshaft for 6.8L, forged aluminum pistons, upgraded cylinder heads, and our own high-output supercharger assembly. A custom stainless steel exhaust system is also included (requires factory dual exhaust system). **Neck-snapping performance not for the faint-at-heart! NOW AVAILABLE WITH 91 OR 93 OCTANE CALIBRATION!**

OE-quality SXR Series Supercharged emblems for fenders and liftgate

OPTIONAL Black-out Trim Package includes roof-mounted side bars, window trim, bodyside molding, hood extension, grille surround, lower front fascia trim, rear bumper trim, and liftgate accent (on models with factory chrome)

**INCLUDES OUR PATENT PENDING BOOST-BY-WIRE™ CONTROL SYSTEM AND DEDICATED DRIVE SYSTEM**

As a consequence of using positive displacement superchargers as a power adder, you can have drivability issues under normal driving conditions. Since the power comes on like an "on/off" switch, it makes it difficult to control power demand in situations where you do not want maximum acceleration and can be unpleasant to drive.

We solved this problem with our **Boost-By-Wire™ Control System**, eliminating the problem completely. The system we've developed works very simply; the more you depress the accelerator pedal, the more boost your supercharger will produce. You still get all the neck-snapping instant power from the positive displacement supercharger, but it is now controlled with your foot as you need it and makes the vehicle much more pleasant to drive.

Our patent pending **Dedicated Drive System** provides a separate serpentine belt that only drives the supercharger and provides 33 percent more surface area to eliminate belt slip common on other kits.

**OE-quality SXR Series Super-charged and 800HP or 1000HP liftgate emblems**

**Stainless steel cat-back dual exhaust system with factory tips**

**OPTIONAL Body Color Paint Package includes bodyside molding, hood extension, grille surround, lower front fascia trim, rear bumper trim, and liftgate accent (on models with factory chrome)**

# THE ULTIMATE HIGH PERFORMANCE SUV!

**SXR** SERIES  
SUPERCHARGED

OUR NEW FOR 2024/25 **SXR** SERIES  
SUPERCHARGED ESCALADE COULD EASILY  
QUALIFY AS THE QUICKEST 2025  
LIMITED PRODUCTION FULL-SIZE  
SUV IN THE WORLD.

NOTE: Only **50** 2024/25 **800HP**  
and **1000HP** **SXR** Series  
Supercharged Escalades  
and Escalade ESVs will be built.

OPTIONAL sport suspension system lowers  
the truck 2" in front and 3" in the rear,  
and includes higher-rated front and rear  
performance shocks (only available on
