1000HP
SPORT EDITION
SUPERCHARGED

SIERRA 2500/3500 HD
OFF ROAD

WARNING: This vehicle produces excessive amounts of horsepower. Horsepower is addictive and can cause heart palpitations, feelings of exhilaration and euphoria.

Specialty Vehicle Engineering introduces the new for 2024/25 1000HP SPORT EDITION SUPERCHARGED Sierra 2500/3500 Heavy-Duty Off Road pickup truck. Available on all 2024/25 4WD models of crew cab and double cab trucks with 10-speed transmission, standard bed or long bed, and only available from your GM dealer. With our high-output supercharged powerplant, they'll go fast... literally! Available with 91 or 93 octane calibration! (Gas powered, single rear wheel models only)

Stainless steel cat-back dual exhaust system

16-spoke 20" x 10" wheels in black with OPTIONAL painted rim edge in silver, black, or body color, SE centercap graphics in red/white and Nitto Off Road Performance tires (larger diameter tires included with optional BDS lift kit)

This powerhouse engine and supercharger assembly on our 2024/25 **SPORT EDITION SUPERCHARGED** Sierra HD Off Road delivers **1000HP** (6.8L) and represents the latest in state-of-the-art performance engine technology. It features a blueprinted block, race-quality computer-balanced rotating assembly, including a 4340 steel crankshaft, forged aluminum pistons, upgraded cylinder heads, and our own high-output supercharger assembly. A custom stainless steel exhaust system is also included. *Neck-snapping performance not for the faint-at-heart!*

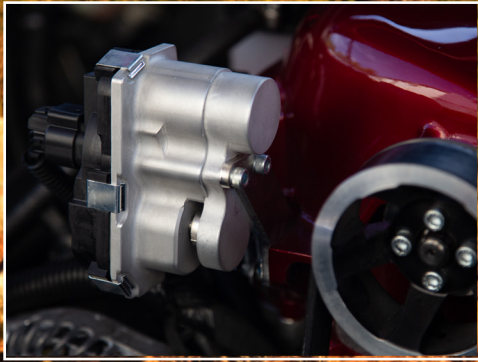

OPTIONAL retractable side steps instantly extend when you open the door, and retract out of sight when the door closes

8-piston big front brake calipers in red (custom colors optional) with 16.1" vented rotors.

OPTIONAL BDS 5" lift kit including higher-rated front and rear Fox® performance shocks and heavy-duty traction bars (larger diameter Nitto Off Road Performance tires included)

ENOUGH POWER TO HANDLE ANY JOB!

INCLUDES OUR PATENT PENDING Boost-By-Wire™ Control System AND DEDICATED DRIVE SYSTEM – As a consequence of using positive displacement aftermarket superchargers as a power adder, you can have drivability issues under normal driving conditions. Since the power comes on like an “on/off” switch, it makes it difficult to control power demand in situations where you do not want maximum acceleration and can be unpleasant to drive. We solved this problem with our Boost-By-Wire™ Control System, eliminating the problem completely.

The system we’ve developed works very simply; the more you press the accelerator pedal, the more boost your supercharger will produce. You still get all the neck-snapping instant power from the positive displacement supercharger, but it is now controlled with your foot as you need it and makes the vehicle much more pleasant to drive.

For more than 30 years, Specialty Vehicle Engineering has been a Second Stage Vehicle Manufacturer and Tier One Supplier to GM and its dealers, having built over 65,000 car, truck and SUV specialty vehicles; making us the #1 GM Specialty Vehicle Manufacturer in the USA!

MORE POWER ***FOR WORK...OR PLAY!***

Need to haul with a sense of urgency? This pickup truck on steroids is more than up to the task. Our **1000HP SPORT EDITION SUPERCHARGED** 2500/3500 HD Off Road could easily qualify as the quickest, limited production* full-size heavy-duty pickup for the 2024/25 model year.

***NOTE: Only 50 each 2024/25 1000HP SPORT EDITION SUPERCHARGED Sierra HD Off Road pickup trucks will be built.**

OPTIONAL body color painted door handles on models with factory chrome

OPTIONAL black-out window trim on models with factory chrome

1000HP hood badges and Sport Edition Supercharged logo on fender inserts

OPTIONAL body color painted grille surround on models with factory chrome

OPTIONAL body color painted front and rear bumpers on models with factory chrome

OEM-quality OFF ROAD 1/4 panel graphics in black or white

A HEAVY-DUTY 4x4

WITH MORE ATTITUDE!

The 2024/25 **SPORT EDITION SUPERCHARGED** Sierra HD Off Road's unique appearance will get everyone's attention instantly. The unique wheels and lifted appearance make a dramatic statement, along with the custom **1000HP** badges on the hood insert and tailgate will make your competitors think twice.

8-piston big front brake calipers in red (custom colors optional) with 16.1" vented rotors.

Heavy-duty rear sway bar assembly and bushings help control acceleration.

The 2024/25 Sierra Heavy-Duty Off Road is ready to tackle any terrain with the **OPTIONAL BDS 5" high clearance lift system** with next generation **FOX® shocks** and **HD Recoil traction bars** designed to put the power to the ground.

Unique 16-spoke 20" x 10" aluminum alloy front and rear one piece wheels in matte finish with rim edge finished in silver, black, or body color and SE centercap graphics in red/white. Includes Nitto off road performance tires that offer a quiet ride. Note: larger diameter tires are included with the optional BDS lift kit.

RIDIN' IN STYLE

Our 2024/25 Sierra HD Off Road's interior includes **SPORT EDITION SUPERCHARGED** logo embroidered front headrests, floor mats and more to remind you this is no ordinary Heavy-Duty Sierra!

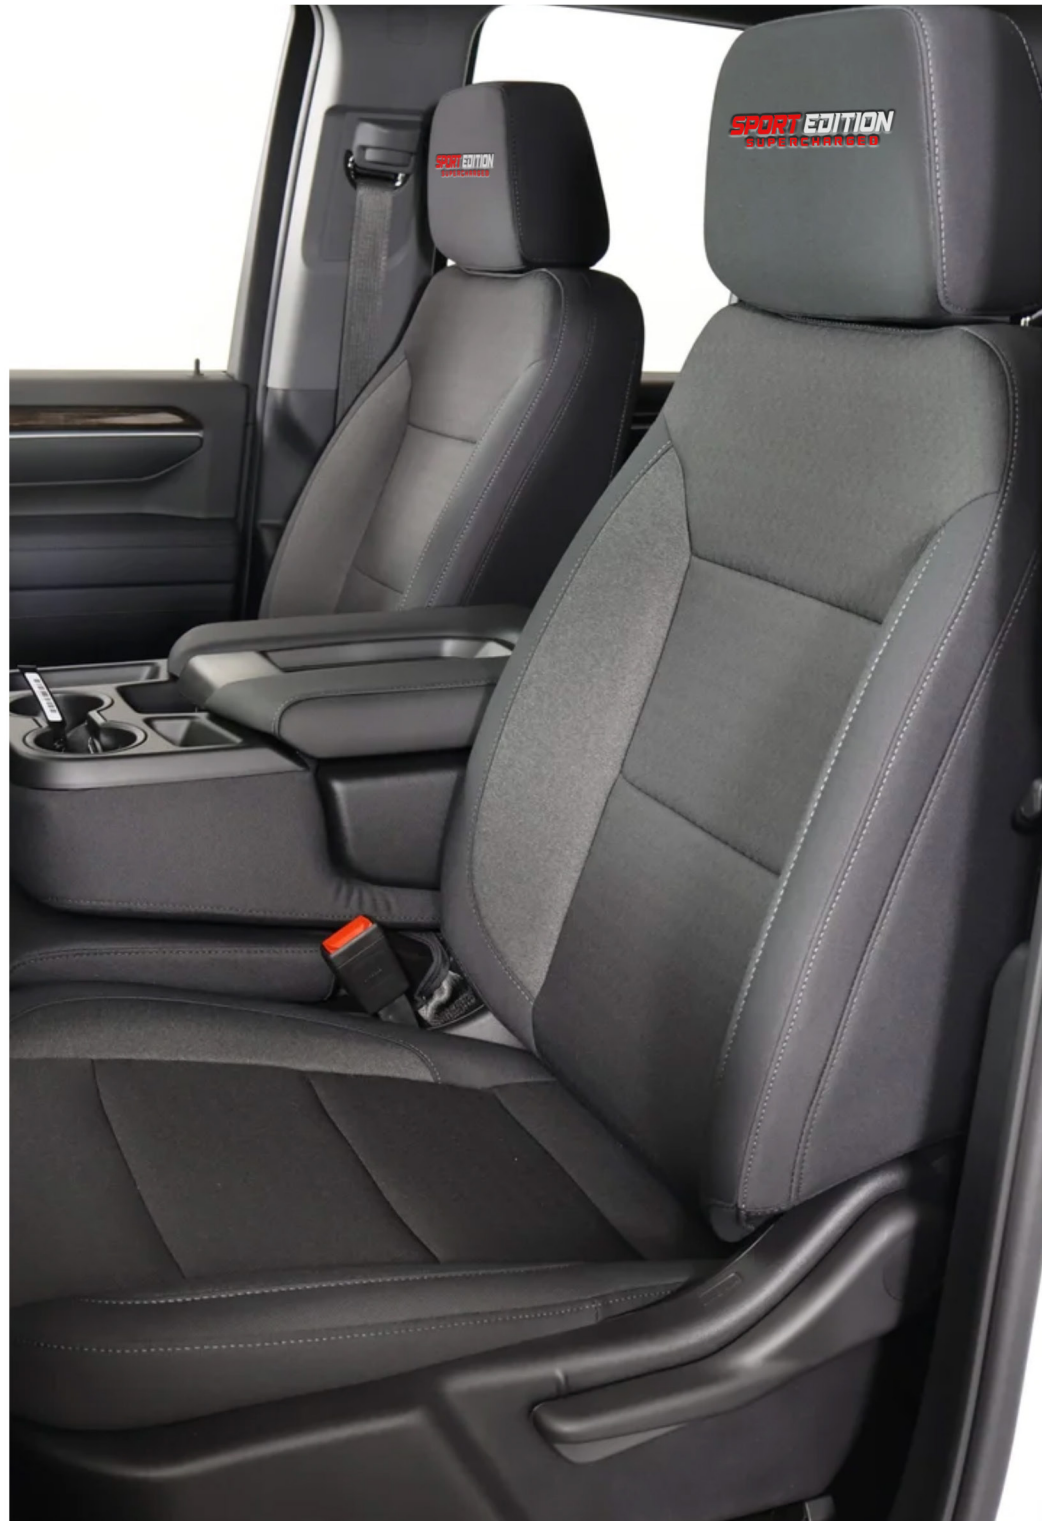

Premium front floor mats embroidered with the SPORT EDITION SUPERCHARGED logo and SPORT EDITION® doorsill plates.

1000HP SPORT EDITION SUPERCHARGED numbered (1-50) dash plaque and two numbered keyfobs displaying the HP and torque.

SPORT EDITION SUPERCHARGED embroidered portfolio, owner's manual, window sticker.
