

2024/25
SPORT EDITION
SUPERCHARGED
700HP / 800HP / 1000HP SIERRA

WARNING: This vehicle produces excessive amounts of horsepower. Horsepower is addictive and can cause heart palpitations, feelings of exhilaration and euphoria.

SPORT EDITION
SUPERCHARGED

THE MOST POWERFUL LIMITED EDITION GM PICKUP AVAILABLE!

SPECIALTY VEHICLE ENGINEERING INTRODUCES THE NEW FOR 2024/25 **700HP** (5.3L), **800HP** (6.2L), AND **1000HP** (6.8L) SUPERCHARGED **SPORT EDITION** SIERRA. AVAILABLE ONLY FOR 2024/25 2WD OR 4WD DOUBLE CAB AND CREW CAB MODELS WITH SHORT BED OR STANDARD BED. ONLY AVAILABLE FROM YOUR GMC DEALER.

OPTIONAL body color painted wheel arch moldings

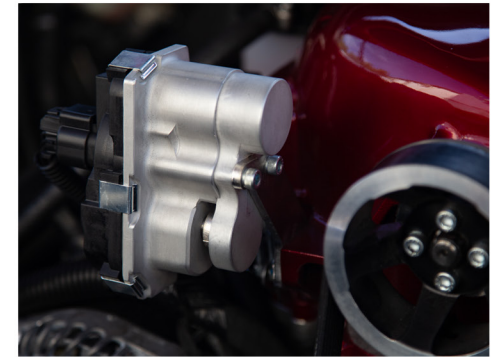

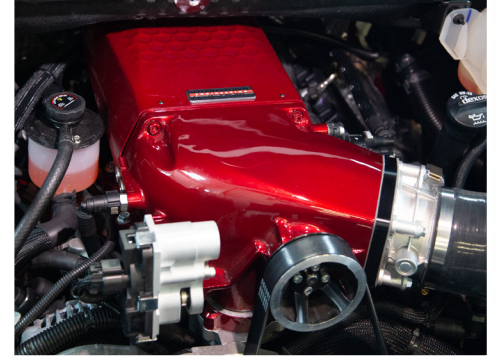

22" x 10" wheels in gunmetal, satin black, or satin black with red line stripe, SE centercaps and Nitto front and rear performance tires

OPTIONAL black out window trim on models with factory chrome

This powerhouse engine and supercharger assembly on our 2024/25 **SPORT EDITION Supercharged** Sierra delivers **700HP** (5.3L), **800HP** (6.2L), and **1000HP** (6.8L) and represents the latest in state-of-the-art performance engine technology. It features a blueprinted aluminum block, race-quality computer-balanced rotating assembly, including forged 1538MV twisted steel crankshaft for 5.3L and 6.2L or a 4340 steel crankshaft for 6.8L, forged aluminum pistons, upgraded cylinder heads, and our own high-output supercharger assembly. A custom stainless steel exhaust system is also included (requires factory dual exhaust system).

**Neck-snapping performance not for the faint-at-heart!
NOW AVAILABLE WITH 91 OR 93 OCTANE CALIBRATION!**

SUPERCHARGER COMES STANDARD IN BLACK. CUSTOM COLORS OPTIONAL. SHOWN IN BODY COLOR PAINT.

INCLUDES OUR PATENT PENDING BOOST-BY-WIRE™ CONTROL SYSTEM AND DEDICATED DRIVE SYSTEM

As a consequence of using positive displacement superchargers as a power adder, you can have drivability issues under normal driving conditions. Since the power comes on like an "on/off" switch, it makes it difficult to control power demand in situations where you do not want maximum acceleration and can be unpleasant to drive. We solved this problem with our **Boost-By-Wire™ Control System**, eliminating the problem completely. The system we've developed works very simply; the more you press the accelerator pedal, the more boost your supercharger will produce. You still get all the neck-snapping instant power from the positive displacement supercharger, but it is now controlled with your foot as you need it and makes the vehicle much more pleasant to drive.

Our patent pending **Dedicated Drive System** provides a separate serpentine belt that only drives the supercharger and provides 33 percent more surface area to eliminate belt slip common on other kits.

The custom fender inserts are OEM-quality components that feature a brushed aluminum finish with Sport Edition Supercharged in red and black

OPTIONAL body color painted door handles and mirror caps

Brembo 6-piston big front brake calipers in red (custom colors optional) with 16.1" vented rotors (GM Dealer supplied)

SPORT EDITION
SUPERCHARGED

THE ULTIMATE HOT ROD TRUCK

Larger diameter (1.125") heavy-duty rear sway bar assembly and heavy-duty traction bars and bushings help control acceleration

OPTIONAL sport suspension system lowers the truck 2" in front and 5" in the rear, and includes higher-rated front and rear Fox® performance shocks
